2020 AP Exams Information

What Day and Time Do You Test?

To help ensure all students are best equipped to take their AP Exams in May, Eagle Mountain-Saginaw ISD would like to share some information to help students better prepare.

AP Exam time Conversion

What does ET mean?

Hawaii Time: 10:00 a.m.
Alaska Time: 12:00 p.m.
Pacific Time: 1:00 p.m.
Mountain Time: 2:00 p.m.
Central Time: 3:00 p.m.
Eastern Time: 4:00 p.m.
Greenwich Mean Time:
8:00 p.m.

Recently, The College Board sent Confirmation Notices like the one pictured above to all students. The time listed for the exam is in Eastern Time, not Central. This means the exams will actually take place one hour earlier.

Week 1

Fri, May 22	Comparative Government and Politics	Statistics	Spanish Language and Culture

What is being Tested?

The Tests

- Each AP Exam has been modified for the online testing environment with very specific times and tasks students must perform.
- The information for these exams may be found at:
<https://apcoronavirusupdates.collegeboard.org/students/taking-ap-exams/ap-exam-schedule>
- The link will be provided in the details section of this video.
- Student's teachers will have also communicated the information for their specific exam in Canvas.

Testing Online

The district is aware that testing online can bring many challenges that are unexpected. The following tips will help reduce stress on testing day, help students prepare for testing online, and help ensure a successful test for each student.

Tips for Testing Online

- Students have many options for submitting an AP Exam response.
 - Type it in Microsoft Word, save it, and upload it.
 - Enter it within a text box
 - Write it by hand, scan it, and submit.
- Students should use the method they prefer; however, they should also practice the process of creating their response, saving it, and uploading it within the time limit assigned to their respective test. Teachers will assist by creating practice exam opportunities via Canvas.

Tips for Testing Online

- Students will require a quiet environment for the duration of each exam. The tests are designed to assess college-level learning, and they require the student to focus intensely.
- Internet usage in the home while the student is testing should be minimized to ensure no interruption of the network signal.

Tips for Testing Online

- Students using text or Word should save their work frequently and prior to submitting. For text entries, selecting the text and saving it in the Notes program on the phone or tablet works well to preserve the response prior to hitting submit. After submission, students should retain their work until AP scores are released in July.
- Students will need a timer for each exam. The College Board has a limited time for each test to be completed and uploaded. It is recommended each exam be timed. Students will be given a timer within the AP Exam.

EAGLE MOUNTAIN SAGINAW ISD

Fostering a Culture of Excellence

This concludes the overview for AP testing for 2020. If you have further questions about the AP Exam, please contact your AP teacher or the school for more information.
