PROGRESS UPDATE OF OTHER PROJECTS

- Security Upgrades at Multiple Campuses and Jim Knight Maintenance Facility Additions and Renovations – Work has begun on Bryson ES, Wayside MS, Hollenstein CTC, and Ed Willkie MS. Testing cable signal strength, cameras, hardware, and replacing damaged doors from previous security upgrade contractor.
- Central Office – Still in final review, competitive sealed proposal (CSP) will be recommended as the procurement method
- Eagle Mountain HS – Design and site development continues. Talks are in progress with developer regarding a middle school site.
- Wayside MS – Working on site development, meeting with the City of Saginaw for review of site plan.
