

Middle School Cheerleading Tryouts

EMS ISD will be conducting middle school cheer tryouts during the month of May. Students will learn the cheer routines via video and then later submit their video of their best performance using the Distance Learning Platform, Canvas. The district will continue to use an outside judging company to review each candidate's video. The campus will only have one tryout opportunity.

Each student who is interested in trying out needs to contact the person listed below to indicate their interest. Once the student is confirmed as meeting the campus eligibility criteria, the student will be cleared for tryouts and then have access to the resources they need to practice. Students must contact their campus by **MAY 4, 2020**.

May 4 is the deadline to contact your campus to register for the next steps in the tryout process.

Best of luck to all the middle school cheerleading candidates!
