Human Growth & Development

Assignment: You are to create a poster or power point of your own growth and development. You need to be sure to include the following in your project:

- Name and Date of Birth (5 pts)
- Weight at time of birth (5 pts)
- If you have the availability to ask your mom or a relative what type of labor and delivery that your mom experienced when you were born: natural child birth or C-section  (5 pts)
- Label what age the picture is representing on the project. You do NOT have to have a picture for every month or every year but at least ONE during each time frame:
  - Pictures of yourself or another person at the time of birth or as a newborn and describe two developmental milestones for this age. (10 pts)
  - Pictures of yourself or another person during the span from 1 month- 11 months and describe two developmental milestones for this age. (10 pts)
  - Pictures of yourself or another person from 1-3 years old and describe two developmental milestones for this age. (10 pts)
  - Pictures of yourself or another person from 3-5 years old and describe two developmental milestones for this age. (10 pts)
  - Pictures of yourself or another person from 6-10 years old and describe two developmental milestones for this age. (10 pts)
  - Pictures of yourself or another person from 11-13 years old and describe two developmental milestones for this age. (10 pts)
  - Pictures of yourself or another person from 14-19 years old and describe two developmental milestones for this age. (10 pts)
