Intended Major: _____

Two Inspirational Teachers 8th grade-12th: Name and subject they taught:

Yes/No: Are you a TOP TEN Graduate?

Scholarships are awarded on several levels of need and criteria. On a separate page please type in a letter format the answer to the following questions: **If you were to receive a scholarship through the EMS Education Foundation, what would it mean to you, your family and your future educational dreams?**

Please consider this an opportunity to share “thanks” to the many donors that choose to give the gift of education every year. Their generosity is something we value at the EMS Education Foundation and would like to add your appreciation to our letter as well for a truly personal touch. The separate page question does not have merit on your scholarship application, it is simply a preemptive acknowledgement of your appreciation, if selected. Please note, only the administrative staff will review this form in its entirety, the review panel for scholarship selection will not see your letter of “thanks” if you have been selected for a scholarship. We will contact you through the information provided on this form.
