

Summer Recess Reminders

As a LiiNK Campus, we follow specific weather guidelines for outdoor play. According to the National Weather Service and the CDC, it is safe for children to play outdoors for 20-minutes or less when temperatures and humidity factors combined result in a temperature of 103° F or less. All LiiNK recesses are no longer than 15-minutes, which means it is safe for children to play outside in the green and yellow conditions listed below. For the full weather guidelines, please visit the Parent Portal on the LiiNK Project website (www.liinkproject.tcu.edu).
