

EAGLE MOUNTAIN SAGINAW ISD

Fostering a Culture of Excellence

Dear Families:

We are quickly approaching the end of the year. As such, this grading period will be a crucial time for students to fill in any gaps in their knowledge and skills before they advance into seventh grade.

This unit will focus on the individual student's interests. Readers will analyze an excerpt from *Charles Dickens and the Street Children of London* to develop a community service project that they will present during Evening with the Experts on May 20th. The students will need to develop a proposal for their community service project. Then they will spend time researching and developing that project idea before following through to complete the project and creating a presentation for the audience attending Evening with the Experts. Students will answer audience questions about their projects and ask questions of other student experts at this event.

We encourage you to speak with your students about what they are reading, writing, and learning in class. Please be sure to review your student's performance via Skyward Access, and contact his or her teacher if you have any questions or concerns. We look forward to working with you this year!

Respectfully,

EMS-ISD 6th Grade Humanities Teachers
