EMS ISD WORLD LANGUAGE DEPARTMENT

MIDDLE SCHOOL

DISTANCE LEARNING: 3.30.20 – 4.3.20

Spanish I students will be keeping their language skills sharp through Duolingo, a learning platform that is both game-like and user friendly. Duolingo, which is a familiar resource for many of us, is accessible from a smartphone, tablet, or laptop. Each student received login instructions from his or her teacher. This week, students will also be completing a writing task as well as another assignment provided by their language teacher. At this time, classes will begin transitioning to the Vista Higher Learning platform.

AP Spanish teachers will be preparing students for the AP exams. AP teachers will be following the distance learning guidance provided by College Board.
