Overview

Principles of Education and Training is designed to introduce learners to the various careers available within the education and training career cluster. Students use self-knowledge and educational and career information to analyze various careers within the education and training career cluster.

Pathway for Teaching and Training

Students following the Teaching and Training Program of Study will learn to create instructional materials, develop curriculum and coordinate educational content in a collaborative internship with EMS ISD professionals. Students that begin their academic pathway with Principles of Education and Training are able to continue their studies in the following grade levels.

Tenth grade – Child Development or Instructional Practices at HCTC

Eleventh grade – Instructional Practices or Practicum in Education at HCTC

Twelfth grade – Practicum in Education at HCTC

Program of Study Information

Additional information for course details beyond the prerequisite course, Principles of Education and Training, can be found on the [course sequence guide](#).
