

## **TRANSPORTATION PROTOCOLS FOR 2020-2021 SCHOOL YEAR**

Due to the current COVID-19 pandemic, additional cleaning/disinfecting and bus riding procedures have been implemented for the 2020-2021 school year as follows:

- GoldStar will strive to have two riders per seat. If space allows, students will be encouraged to spread out.
- All bus drivers and monitors are required to wear masks and gloves any time they are on a bus, in the bus yard, or in any location where students or staff are present.
- The District will provide disposable masks (both child and adult size) to GoldStar to provide to students who do not have a mask.
- Students who do not comply with the proper use of wearing masks will lose bus-riding privileges.
- Buses will be sprayed with disinfectant each time the bus returns to the yard from a route/trip.
- During the route, bus seats, handrails, etc. will be wiped down in between each Tier.
- Each bus will be equipped with a spray bottle of disinfectant and disposable rags to utilize while on their respective route.
- Hand sanitizer dispensers are installed on every bus at the entry door. Students will be encouraged to use hand sanitizer upon entry of the bus.
- The District will supply GoldStar with inventory for restocking and refilling of all cleaning/disinfecting materials and equipment.
- Air conditioning will be used on buses; windows will also be lowered during routes to increase ventilation (weather permitting.)
