Students will apply grammar, vocabulary and pronunciation in speaking, listening, reading and writing. Students will review tenses, and learn additional verb tenses and grammar, as well as extend their vocabulary skills. Students will also continue to expand their knowledge and appreciation of German Culture through reading and discussion of authentic documents. There will be a

Course Goals:

Language Learners in Level 4 are expected to reach Intermediate Mid – Intermediate High Proficiency Level at completion of that level of study.

Intermediate Mid students express meaning in straightforward and personal contexts, by easily combining and recombining what they know, what they read, and what they hear in short statements and a mixture of sentences and strings of sentences. They are able to understand some information from connected statements in oral or written sources. Intermediate Mid students are generally understood by sympathetic listeners and readers accustomed to dealing with language learners. Intermediate Mid students are consistently successful when performing Intermediate-level tasks.

Intermediate High students express meaning in a variety of contexts, by creating with the language, easily combining and recombining what they know, what they read, and what they hear in a mixture of sentences and connected discourse. They are able to understand information from connected statements in oral or written sources. Intermediate High students are generally understood by listeners and readers unaccustomed to dealing with language learners. Intermediate High students are consistently successful when performing Intermediate-level tasks. Intermediate High students show evidence of Advanced Low proficiency but lack consistency.

Assignments, exams, expectations outside of the classroom:

Students should prepare for class by using the online textbook, which includes audio-visual practice, grammar practice, and vocabulary development activities. Students should complete assigned homework from teacher created activities, Canvas, and/or Clever. Students should expect to complete research on various projects. Students should listen to authentic audio or visual programs in German. Aside from their homework, students should spend 10 -15 minutes a day reviewing the lesson and studying their German vocabulary.

Major Grades:

Students should practice vocabulary and grammar, collaborate on projects, or research information to present for evaluation.

Procedures in the classroom:

Entering the classroom:

- 1. Turn in hard copy homework if applicable in the designated class period bin. (It will be considered late, if not turned in at the beginning. See handbook for late policy).
- 2. Be seated in your desk when the bell rings with materials ready to work.
- 3. Work **quietly** on the bell ringer assignment in your notebook. You may use your notes but you must work on your own. You will have 3 to 5 minutes to work on your bell ringer, depending on the difficulty/length. If you are tardy, you will lose some of that time. When time is up, we will briefly go over the bell work and you make corrections as needed. (At least once per Six Weeks, there will be an unannounced bell ringer sweep, where your work will be graded before we make corrections as a class.)

Leaving the classroom:

During class:

Use the restroom during passing period whenever possible.

Sometimes emergencies arise. If you need to step out of the classroom during class for whatever reason, raise your hand and ask for permission. Hand me your filled out colored hallway pass, so I can sign it. Grab the red pass by the board. Leave quietly. When you return, put the red pass back where you got it from and sit in your seat without creating a distraction.

At the end of class:

- 1. Clean up around your desk before you leave to go to your next period
- 2. Stay in your seat until the bell rings and I dismiss you, even if you think we are done. Do not line up by the door.
