Course Description:

This course is a detailed study of United States history from the early colonial period through Reconstruction. Students will read and interpret primary and secondary source documents, research major themes and/or develop creative projects for historical periods covered. Knowledge of the founding documents will be stressed as well as the skills and attitudes of responsible citizenship.

Course Goals:

Students who complete this course successfully will be able to: read and interpret primary and secondary source documents, sharpen writing and research skills and/or to develop creative projects for historical periods covered. This course assists in preparing students for the challenges offered by the Advanced Placement program through sustained habits necessary for success in the College Board's AP Program.

Student Evaluation:

The grading system for this course is as follows:

- Grade averaged 60% Major 40% Minor (Advanced courses 70% Major 30% Minor)
- Major grades – tests (including District Common Assessments, six weeks assessments, projects, final essays, research papers, presentations); minimum three per six weeks
- Minor grades – quizzes, daily assignments, journals; minimum four per six weeks
- Semester exams will count 1/7 of the semester grade

- A letter system (S, N, U) is used to report a student's conduct based on proper/responsive conduct and citizenship
- Per Board Policy EIA (LOCAL), "The District shall permit a student who meets the criteria detailed in the grading guidelines a reasonable opportunity to redo an assignment or retake a test for which the student received a **failing** grade. This policy applies only to initial identified major grades and does not apply to daily assignments, quizzes, six-week test, and semester final examinations. Upon reteach and retest, the new test, project, etc. recorded will be a high score of 70%.

Assignments, exams, expectations outside of the classroom:

I do not typically assign homework for students, however missing assignments or assignments not finished in class will become homework. Students are expected to complete assignments on time, to the best of their ability so that I can make an accurate assessment of their mastery of the state standards. Students will be taking a District Common Assessment after each unit of study, as well as two semester exams.

Attendance/Tardy Policy/Make-Up Work:

Students that are absent will have one day for every day absent to complete an assignment that was assigned on that day. Due dates will be posted on each assignment in Canvas, and on paper when applicable. Students can make up failing assignments. Those who wish to make up a failing assignment, a missing assignment or a failing test grade will be required to attend a tutorial session with me before they can make up the assignment/ grade. Per district grading Policy students have three days after to schedule a tutorial session and a retest.

Classroom Expectations:

The three things that students can do to be successful in my class is to:

1. Be prepared for class every day.
2. Be responsible.
3. Be respectful.

We will be creating a relationship agreement together as a class, and students will be accountable for and expected to follow it. It will be linked in canvas once created.
