

ACADEMIC ACHIEVEMENT
POSTHUMOUS DIPLOMA

EIF (LOCAL)
ADMINISTRATIVE REGULATION

POSTHUMOUS
DIPLOMAS

A parent may request a diploma from EMS ISD if their child was enrolled at the time of their death. This posthumously-awarded diploma will be granted in the year that the graduation class of which the student would have graduated with at the time of their passing is awarded and will be sent directly to the parents. For example, if a student died during his/her freshman year, the diploma would not be awarded until that student's class sits for graduation.

This is effective for students who would have graduated at the end of the 2019-2020 school year.
