WHAT: Dual credit is an opportunity for students to take college-level classes while still in high school. Two credits are earned: TCC credit AND a high school graduation requirement for most classes.

WHO: Dual credit courses are most often taken by students in the 11th and 12th grades. Successful dual credit students are motivated and self-disciplined. *There are special admissions requirements for 9th and 10th grade students.*

WHERE to SIGN UP: Any student interested in dual credit will need to complete an enrollment packet, as well as include the course requests in Xello. Enrollment packets and copies of the dual credit handbook can be found in the College and Career Center, as well as online on the College and Career Readiness webpage. *Be aware there are specific requirements that must be met before a student can enroll in a dual credit class.*
